**RSVP by June 13, 2013**

(916) 380-5444

adab@placermosquito.org

**Who:** Placer County Teachers  
Grades K-6

**What:** A fun-filled and information-packed workshop designed to provide mosquito and vector information for educators and resources to take back to the classroom!

**Why:** We need your help getting the word out to Placer County kids and their parents!

During the workshop, we will provide resources and education to help enhance Science, Technology, Engineering, Art, and Mathematics (STEAM) programs for younger students, from sample science units to art and ecology project ideas. A tour of our facility and introduction to our District activities will also be included.

**Workshop Location: 2021 Opportunity Drive Roseville, CA 95678**
